

Summer 2009

Dear First Year Honors Students,

Do you have **energy, passion** and **initiative**? Then you should participate in **PATH**, the Honors Peer Mentoring Program!

Through mentoring, Peer Allies Through Honors (PATH) provides positive and engaging opportunities for all students to successfully transition to college life. Students will develop academically, socially, and personally by networking with their peers in a supportive and motivating community. Participation in this program will enhance leadership skills as well as provide opportunities for active involvement within the Honors Program and the University of Connecticut.

PATH provides students with:

- ☺ Support from Honors peers in academics and research opportunities.
- ☺ The opportunity to work in one-on-one and small group mentoring relationships while meeting Honors students from all majors and semester standings.
- ☺ A chance to explore new leadership opportunities while learning about involvement opportunities in the UCONN community.
- ☺ A flexible time commitment - only one to four hours a month are expected.
- ☺ Helpful advice from Honors peers who have first-hand experience choosing housing, roommates, and courses!

Mentoring from your peers can be very rewarding, so join PATH today! If interested in participating in this program, please complete the attached application and either turn it in at the end of this session or attach it to an e-mail. For an electronic copy, or if you have any questions, please e-mail Peer Allies Through Honors at [PATH@uconn.edu](mailto:PATH@uconn.edu).

Sincerely,

Viviane Trinh, Grace Fisler, Catherine Maness, Silvia Stockman, and Kailey Stockenbojer  
2009-10 PATH Student Coordinators
