

The Global Leadership Commission and
The Honors Department Present

Dennis Nash

President and CEO of

control station

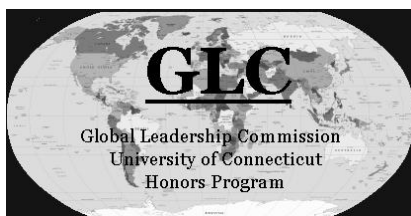

September 23, 2008

7:00 - 8:00 pm

Thomas J. Dodd auditorium

Dennis Nash, a UConn MBA alum, will speak to the UConn community about successful entrepreneurship and business leadership. His innovative company has helped improve production gains and profit growth for well known corporations. A few of the many clients using Control Station products include Honeywell, Kraft, Westinghouse, and Dupont. He will share his corporate vision and inspire the next generation of business leaders.
